Dramatists To Preview Little Theater Musical

The first invitational preview of a production ever attempted by the college Drama department will take place Thursday evening in the Little Theater, when "Lady in the Dark," the department's biggest show of the year, will be shown to a group of faculty, students and townspeople. This premiere performance of the Moss Hart-Kurt Weill musical play is intended as a gesture of appreciation for continued support and enthusiastic patronage given Drama department productions in the past.

Five Clubs Join To Give Final 'Coffee Hour'

From Apple Hour to Coffee Hour in one easy name change, but it's still the same thing as far as students and faculty are concerned.

So said Joan Holland, publicity chairman of the third student-faculty "get acquainted" hour, to be held tomorrow from 12:30 to 2 p.m. in the Student Union. The Student Council, Student Y, AWS, AMS, and Blue Key are joining to sponsor the Coffee Hour.

The name change arose from the fact that most students didn't get the idea that "polishing the apple with the faculty" was the theme of the get-togethers, according to Doris Lee Raymond, who is serving as adviser for the affair.

Each of the five sponsoring organizations is taking charge of a certain part of the work, said Miss Raymond. A Student Council committee, headed by John Aitken, is in charge of sending letters of invitation to all faculty members.

AWS is handling publicity, and Student Y is taking charge of refreshments, which will consist of punch, coffee and cookies.

Blue Key will appoint hosts and hostesses for the affair. Those already named include Don Frevert, chairman of the program; Lud Spolyar, ASB president; Don Curry, president of Blue Key; Jo Anne Keeler, president of AWS; and Ingrid Andersson, vice-president of AWS.

Student Council, Student Y, and AWS are paying for the Coffee Hour. Entertainment will consist of several numbers by the DG trio.

The Apple Hour, now Coffee Hour, originated through the desire of certain students to get better acquainted with members of the faculty. The suggestion of such an event was made and passed on to the five organizations, who decided to sponsor the project.

Although this is the last one of the quarter, arrangements are being made to appoint students to take charge of continuing the programs during the next school year, Miss Raymond said.

Castro Wins Beard Contest

Bookie Castro, member of Theta Xi fraternity, walked off Friday night with a gold cup and the distinction of having the largest beard entered in the Eleventh Street Capers Beard contest, according to Sam Yates, publicity chairman.

Second place winner was Sigma Chi Bob Hines, while Dick Zimmerman, Theta Chi, captured the booby prize. Both bearded young men received a six months supply of shaving cream contributed by local barbers.

Judging of the beards was held Thursday night, but the results were not announced until Friday night at the Capers. The judges, all winners of various campus queen contests, included Jackie Martin, Marty Darrow, Lois Kirchner, Donna Atherton, Carolyn King and Barbara Kelley.

Buy Play Tickets

Tickets for the Friday and Saturday night performances of "Lady in the Dark" are going fast, Mrs. Virginia Vogel, speech office secretary, announced yesterday. Students who plan to attend the show on either of these nights should buy their tickets immediately. They are on sale at the Speech office, Room 57, for 60 cents to ASB card holders and 90 cents general admission.

drama staff chose "Lady in the Dark" because they feel it will display effectively the various talents of students and faculty concerned in drama productions.

The musical will give members of the cast an opportunity to sing and dance as well as act, and the size of the cast demands numerous costumes and frequent shifts of scenery and considerable skill on the part of the set designer, Wendell Johnson, associate professor of speech. The original New York production used four revolving stages to produce "Lady in the Dark."

The costumes, 125 in all, were designed by Miss Berneice Prisk, assistant professor of speech.

The guest line for the preview includes President T. W. MacQuarrie; Stanley Benz, dean of men; Miss Helen Dimmick, dean of women; Dr. James DeVoss, executive dean; and the heads of college departments, presidents of social organizations, members of the administrative staff and representatives of many other campus organizations.

Arrangements for the preview have been under the direction of Miss Elizabeth Loeffler, assistant professor of speech.

Concert Tonight

The Music department concert band will give its quarterly concert tonight at 8:15 o'clock in Morris Dailey auditorium. Admission is free. The band will be conducted by Robert P. Olson, assistant professor of music. Featured on the program will be an original score by Philip Becker, graduate music student, entitled "El Mariscal Lopez."

POWs Execute Fellow Captives

(By United Press)

Koje Island, Korea — Kangaroo courts run by Communist prisoners of war have sentenced to death and executed at least 115 of their fellow captives, it was disclosed yesterday.

Killing Ends PTA Meeting Manila — Vice-Mayor Manuel Yra of DA AC killed Acting Mayor Tacala yesterday in an argument over who should preside at a parent-teacher association meeting.

Attlee Raps Korean Riots London — Clement Attlee, Labor party leader and former prime minister, said yesterday that dis-

Faculty Honor Club Elects New Officers

Dr. William Moellering, associate professor of modern languages, will serve as president of the Phi Beta Kappa Faculty club for the 1952-53 period, according to Dr. Harrison Heath, Key club secretary.

Dr. Moellering will be assisted by the following officers: Dr. Josephine Chandler, vice-president; Mrs. Kathryn Hall, secretary; Miss Doris Linder, treasurer; and Dr. Heath, re-elected key club secretary.

The five candidates were accepted on an unanimous ballot which was drawn up by a nominating committee headed by Dr. R. H. Dieckman. Dr. Anita Laton and Mrs. Florence Bryant also served on the committee.

The Phi Beta Kappa Faculty club consists of 31 members who had belonged to the honorary group at their respective colleges and universities.

Although there is no Phi Beta Kappa chapter on this campus, the Key club is a representative of the honor group here according to Dr. Heath.

Key club members are elected in the last quarter of their senior year by the Phi Beta Kappa Faculty club. This quarter 31 students have been selected for membership into the society on the basis of high scholarship, a 2.3 average or better, and participation in campus activities. Their names will be revealed in the Thursday issue of the Spartan Daily, and they will be presented with Key club certificates at the Senior Banquet.

AWS To Honor Active Coeds

One hundred of the most active women on campus will be honored at the fifth annual AWS Activities Banquet, to be held tomorrow evening at 6 o'clock at the San Jose Women's club, according to Lee Leidig, publicity chairman for the organization.

Included in the evening's program will be the announcement of the new members of Black Masque, women's honorary society, the presentation of meritorious service awards, the presentation of new members of Spartan Spears, sophomore women's honorary society, and the installation of new AWS officers for the fall quarter.

Also invited to attend the affair are faculty members Dr. Irene Palmer, Miss Viola Palmer, Miss Marie Carr, Miss Alice Hanson, Mrs. Alston Hagerty, Miss Jan Hagerty, Dr. Roberta Holloway, Miss Helen Dimmick, Mrs. Izetta Pritchard and Dr. Elizabeth Prange.

Reservation for the banquet must be made by this afternoon in the Dean of Women's office, said Miss Leidig.

Coed Is Chosen Miss San Jose

—photo by Zimmerman

MISS SAN JOSE of 1952 was the title conferred Sunday afternoon on Bonnie Gayle Engblom, SJS freshman. Miss Engblom, 18-year-old education major from Hayward, now is eligible to compete in the Miss California contest. Entrants were judged on personality, poise, beauty and talent. The beauty division was judged on appearance in a bathing suit and an evening gown. Miss Engblom's parents are Mr. and Mrs. M. A. Sezey of Hayward. She was graduated from Hayward high school where she was active in student government and a member of the California Scholarship Federation. Last year's winner of the Miss San Jose contest was Bea Alksne, now a sophomore at the college.

Student Union Planners To Get New Ideas, Plans

Student Union Planning board will get some good ideas for a new Student Union on campus seen as a result of the Pacific Student Presidents' association meeting held at the University of Washington in Seattle last week.

Lud Spolyar, student body president, and Tom Evans, incoming president, attended the meeting May 21 to 24. Spolyar said in an interview upon his return that the Washington Student Union was "really fabulous," and that he has sent for the plans so the college planning board may study them.

The Washington Student Union cost \$3,500,000, he said, and was financed by a percentage of the \$20 student body fee. The building includes bowling alleys and pool rooms, and the floor space in the coffee room alone is larger than that of Morris Dailey auditorium, Spolyar continued.

The Presidents' association at present is compiling a report on ways to stimulate school spirit, Spolyar said.

Other presidents at the meeting were amazed, he said, at our low tuition fee and the rule exempting seniors from finals.

Entries Close For 'Ugly Man'

Entries for the "Ugly Man" contest close at noon today, according to Chuck Wing, chairman of the Rally committee.

By noon yesterday, there were seven entrants in the penny-a-vote contest. Candidates and their sponsors are Pasquale Varketta, Delta Sigma Phi; Ron Ruiz, Kappa Alpha Theta and Theta Chi; Lew Patterson, Alpha Omicron Pi and Phi Sigma Kappa; Jim Schuller, Sigma Kappa and Alpha Tau Omega; George Fry, Independent; Bob Slater, Presbyterian hall; and Don Binder, Alpha Phi Omega.

Voting starts at noon today at a booth in the outer quad and ends Monday. Proceeds of the contest will be spent on furnishings for the Memorial Chapel.

Entry blanks may be picked up in the Student Union.

Laughs Galore In Spring Lyke

The spring quarter issue of Lyke, campus feature magazine, hit the stands at 7:30 o'clock this morning, bringing laughs "galore," according to promises made by the staff. Price is 25 cents.

Inside the beach cover, designed by Dick Alley, are four pages of pilfered pics and shots of campus "beauties" by Dick Zimmerman of the photography staff.

Also included in the magazine's contents are exchange cartoons collected by Roy Wager and quips from campus life in "Round the Square" by Russell Howard.

One of the magazine's leading features is a beach cartoon by Bob Moesle. "Look long enough and you can find yourself at the beach and all the rest of the beach clan," Moesle said.

Co-editors of this issue of Lyke are Ed Seifert and Moesle.

Senior Ball Bids

Senior ball bids are on sale today for seniors only in either the Graduate Manager's office or at the Library arch. Other tickets to senior activities will be available from June 2 through June 6 in the Graduate Manager's office. Dance bids will be sold to ASB card holders during the June 2-6 week. Tickets to the senior ball cost \$2.50.

Today's Weather

Just give thanks you are not in the Sacramento or San Joaquin valleys today. They expect high temperatures there that will range between 92 and 99 degrees. Santa Clara valleyans will only wilt slightly today. High will be around 85.

Bring Spardi Gras Back

Is Spardi Gras on the way back?

Friday's double bill of Pushcart Relays and Eleventh Street Capers came close to a revival of the Spardi Gras of better days—the fun and frolic time that existed before the celebration degenerated into a bottle brawl.

That the activity went off so smoothly at this time, when colleges and universities all over the country are using excessive spring energy for such non-constructive enterprises as party raids and the like, is a point on which to congratulate Spartan student body.

Spardi Gras was originally abolished because the administration saw a lack of maturity in the rioting mood of celebrating students. We believe Friday's activity day indicates Spartan behavior is now at a level where Spardi Gras could be conducted without repercussions.

An annual activity day is a major factor in promoting school spirit. Let's bring Spardi Gras back on campus!

A-bomb Cloud Harmless Says College Professor

By BARBARA RILEY

Because Los Angeles citizens have become excited about a radioactive cloud floating overhead, we consulted Dr. H. Murray Clark, associate professor of chemistry, to check on the danger. Dr. Clark teaches a class which includes a study of the potentialities of atomic energy in war and peace.

The cloud in Los Angeles apparently blew in from the Nevada atomic bomb testing ground area and a newspaper in Los Angeles is backing a campaign to halt the tests.

Dr. Clark thought the danger was negligible, and he said that, "In most atomic explosions over cities, less than 1 per cent of

the deaths can be expected to occur from any lasting radiation such as would be contained in a cloud. More than 99 per cent of the deaths would be from radiation, heat and shock occurring during the first ten seconds of the blast."

There would be no buildup of radiation in any area, he said because clouds containing radiation would not remain in the same area very long.

Dr. Clark mentioned that in a typical cloud examined, the danger decreased to 1/400 of its original intensity during the first four minutes after the cloud had formed.

"At the present time scientists feel that any lasting danger from air-borne radiation from bombs such as those dropped in Nevada is negligible at a distance beyond ten miles from ground zero, the area directly under the bomb," Dr. Clark said.

"At Nagasaki the area directly under the bomb did not present a radiation hazard a few minutes after the explosion. In any ordinary air burst the fission products remain finely divided for a long time but are so widely dispersed by the air that they can be ignored as far as any danger to health is concerned."

Discussing the dangers of an underwater burst, which is not involved in the Los Angeles case, Dr. Clark said, "An underwater burst in seawater would cause the formation of some radioactive sodium and chlorine."

"If a person were exposed to a heavy rain from a cloud of this sort it would be dangerous. However, anyone with sense enough to get in out of the rain will not be injured as most of the radiation will not penetrate the ordinary roof."

"The radioactivity of any mist or cloud decreases rapidly because of three factors: a. Natural radioactive decay. b. Dilution of the cloud by air. c. Fall-out as particles of rain."

Thrust and Parry

Cheating Poll

Dear Thrust and Parry:

The Spartan Daily recently published the results of a cheating poll taken on our campus. These results attained national recognition and did little to improve the reputation of our college. They did however, stir up a great deal of mixed feelings about cheating in college as a whole, and at SJS in particular.

Because we felt these results were not based on a large enough percentage of the student body, we decided to organize and execute a similar poll, entirely independent of any organization.

The cooperation we received from both students and faculty was very reassuring. Our questions were asked of various living groups, random students on campus, and widely-varying classes, from biology to home economics.

We polled 326 men and 380 women students a total of 706—or approximately 11.7 per cent of the student body. Approximately 130 ballots obtained with the cooperation of the Spartan Shop were destroyed, due to the fact that at least 80 per cent of them were "fixed."

We do not wish to establish our results as complete or accurate for the entire student body, but rather as a comparison.

We asked three questions of the students: (1) Have you ever deliberately cheated in college?

(2) Would you do it again if given the chance? (3) Do you think an honor system would work at State? Our results for the 706 ballots, excluding those from the Spartan Shop, are as follows:
MEN: (326) WOMEN: (380)
(1) YES: 42.6% (1) YES: 31.6%
(2) YES: 30.6% (2) YES: 17.9%
(3) YES: 38.6% (3) YES: 50.8%

We offer these results for what they're worth.

Sincerely,

Betty Webster, A.S.B. 231; Leslie Nichols, A.S.B. 4262; Audrey Joseph, A.S.B. 2841; Arlene Ness, A.S.B. 3800; Dee Porter, A.S.B. 2943; Gail Keating, A.S.B. 376; Betty Anderson, A.S.B. 4223; Joan Alley, A.S.B. 3966; Darlene Palmer, A.S.B. 2999.

Child Book Author To Address Class

Rutherford Montgomery, author of children's books, will speak to members of the Storytelling class tomorrow at 12:30 p.m. in Apartment 3, 210 S. Seventh street, according to Dr. Dorothy Kaucher, professor of speech.

Mr. Montgomery will describe his experiences in Hollywood working on the filming of one of his books and will explain the problems of writing children's stories. The class meeting is open to all students interested in children's stories.

Ten Business Majors To Vie For 2 Awards

Each year a senior man and a senior woman business major are chosen to receive the Alpha Al Sirat award for outstanding leadership and academic accomplishment, according to Dr. Milburn Wright, professor of commerce.

Selection is made by the business faculty who select five men and five women with a general grade point average of 2.0.

Candidates are interviewed by several businessmen, who pick the top man and woman. Their names are then inscribed on the Alpha Al Sirat Plaque which hangs in the Commerce Wing hall by Room 135.

Preliminary candidates are: Carmen Z. Norfolk, Doris Louise Parker, Eleanor Brooks Peterson, Elizabeth Ann Ralph, and Genevieve D. Trenosky, Alvin L. Anderson, William R. Cunningham, Elroy Wm. Elster, Ernest Alan Winterbotham and Eugene Bray Worthington.

The average woman isn't much interested in what her husband is saying unless he is talking to some other woman.

SPARTANS PLAYED GOOD BALL AGAINST BULLDOGS

The Spartans may have been shut out twice running against the potent Fresno State Bulldog baseballers in a two-game series last weekend but they gave the visitors quite a battle before succumbing. Coach Walt Williams thought his club was just a "shade" below the caliber of the Raisin city contingent.

If the locals had been able to unlimber their bats the series might have ended differently, but the Spartans were able to muster only seven hits over 19 innings. Of course the fact that the Bulldogs used five hurlers, two in the first game and three in the second, aided their cause no end. Only Catcher Bob Poole managed to solve the Fresno pitching. The dependable Spartan receiver pounded out three hits in seven trips to the plate.

Only four other Golden Raiders managed to get base knocks. Dick Brady, Bob Graves, Clair Parkin and Doug Bochner each hit a single in the second encounter Saturday afternoon.

Counting the last two innings against the Stanford Indians last Tuesday on the Farm and the 6-0 and 2-0 shutouts at the hands of Fresno, the locals finished the season without scoring in their last 21 innings. The second loss to Fresno was a ten-inning affair.

The series ended the season for the Spartans with a record of 13 wins, 13 losses and two ties.

FRESNO HAS TALENTED BALL CLUB

Fresno State's baseball nine used five pitchers against the locals during the just-completed series so all their hurlers would be in top condition for the National Collegiate Athletic association Eighth district playoffs, which began yesterday in Fresno.

In the Bulldogs the Spartans met a team which has had practically the same lineup for two straight years. The Fresno team has had the advantage of a professional team in playing together as a unit day after day over a long period of time.

Despite the fact that the Fresnoans have a good all-around team, the squad is primarily held together in spirit and talent by two players, Shortstop Bob Donkersley and Centerfielder Fibber Hirayama. Spartan Mentor Williams thought that Donkersley was the most outstanding of the Bulldogs and showed the most professional skill. The little infielder was the heart of the Fresno infield and robbed the Spartan batters of at least five or six hits in the series. Donkersley, who is the only married man on the team, has been followed all season by major league scouts and may be signed to a professional contract at the completion of the Fresno schedule. The shortpatcher blasted a tremendous homer which traveled over 400 feet out of Municipal stadium in Friday night's contest. Going into this series he was hitting .288.

Hirayama hasn't racked up an impressive batting mark this season but he has hit when it counted. Saturday's game was a good indication of that. The speedy centerfielder walked up to the plate in the tenth, carrying a .200 average, and pounded out a double to score Fran Oneto with the first and deciding marker of the ball game.

TRIP TO JAPAN OFFERED CAMPUS BALLPLAYERS

John Oldham, Parkin and Poole have received queries from Coach John Scolinos of Pepperdine college concerning a proposed trip to Japan in July with a team composed of California college baseball players. Coach Williams said yesterday, however, that he believes that none of the Spartans will make the trip. Oldham and Poole are reportedly going to play summer ball in Arcadia.

Scolinos already has signed two ball players to make the barnstorming trek beginning July 15. They are Pitcher Dick Camilli of Santa Clara and First Baseman Ed Thile of San Diego State college. The southland mentor is choosing players for the team from the California Intercollegiate Baseball association, the California Collegiate Athletic association and other state clubs.

The American team will face a Japanese college All-Star group in the first game on Aug. 9 at Tokyo.

Spartan Judoists Compete in L.A. All-Star Meet Saturday

Twenty-five Golden Raider judoists will travel south to Los Angeles Saturday to compete in an All-Star tournament.

Coach Yosh Uchida will take the following men to the southland metropolis to meet the southern California All-Star team. The men are listed according to rank.

James Foster, Lyle Hunt, Ford Harvey, Lawrence Tambellini, Chris Bell, William J. Wells, Hal Chapman, Pete Gorvad, Bill Thompson, Win Dahl, Dan Santiago, Harp Didier, Kenneth Fare, Richard Kohler, Edward Funderburgh, Charles George, Don Ewing, Buck Ballard, M. D. Aitken, Jerald Walker, Robert McCorkle, Ray Ribal, Robert Frost, Dave Andrews and Robert Beveridge.

At the present time the college men have the following judo ratings:

First Degree Black Belt: Hunt, First Degree Brown Belt: George C. Hesse, Robert Lees, William L. O'Doan, Richard Tharp, John Marshall and Tambellini.

Second Class Brown Belts: Raymond Capella, Roland Feasel, Edward Ames, Bell, John Buck, Gorvad, Warren K. Jones, Johnny Malone, Raymond McLean, Ray McMahon and Wells.

Third Class Brown Belts: Carl

A. Lindh, Charles Adkins, William Latimer, Thompson, Dahl, Aitken, Robert H. Bash, Ewing, Funderburgh, George, Richard Kohler, Earl Lewis, McCorkle, Walker, Ballard, Beveridge, Fare, James E. Manthey, Remigio Pappas, Raymond Patrick, Ribal, Didier, Stanley W. Horton and Santiago.

Pentathlon Champ

LANG STANLEY, sophomore half-miler and candidate for the track and field team which will represent the United States of America in the Olympic Games at Helsinki, Finland, this year, won the college pentathlon title last Friday afternoon at Spartan field. The mercurial trackman amassed a total of 402 points to edge out all competitors in winning the five-event program.

Net Tourney Continues Here

Action continues today on the Spartan courts in the Don Gale All-College Tennis tournament.

In the upper bracket Marty Halfhill meets Footballer Tom Cuffe at 2:30 o'clock while in the consolation round Charles Bucaria clashes with Dan Love at 1:30 o'clock.

In matches last week Don Straub downed Phil Latimer 6-4, 6-4; Butch Krikorian eased by Tom Castaldo 6-2, 6-3; and Leon Amish defeated Dick Mason 8-6, 6-2.

Venturi Upset

Spartan Golf Ace Ken Venturi was defeated Sunday afternoon in his effort to add the Northern California Golf association crown to his list of triumphs.

In 95 degree heat at Fresno, Venturi was eliminated by Einar Hansen of San Francisco one up in the first round. The Golden Raider, who was the tourney favorite, was upset despite the fact that he stroked a 71.

In Saturday afternoon's qualifying round Venturi posted a 69

Spartans Entered In AAU Tourney

Major competition again will be the order of the day when Spartan tracksters travel to Berkeley Friday and Saturday for the Pacific association of the AAU track and field meet, which will decide the outstanding athletes from northern California.

For the first time this season Bob McMullen will get a chance to enter competition in the 3000-meter steeplechase, the event in which he hopes to make the Olympic team.

Paul Jennings, another Spartan distance ace, also will try his hand in the steeplechase.

With the leg injury of Ivan Summers, Perry Peightal will carry the hopes of the Gold and White in the sprints, unless the injury clears up enough in this week's workouts. In that case Summers will enter the 200-meters.

Walt Burnett should be in the thick of the battle in the 400-meter dash on the strength of his 36.9 clocking for 352 yards in last week's workouts. His best time for the season in the 440 is 47.5 which he hit while taking fifth behind Ollie Madson, University of San Francisco star, at Modesto. Allyn Bartholomew also will represent the Spartans in the 400-meter event and should clock in the low 49's.

Lang Stanley appears to be the cream of the crop in the 880-meter run. Stanley copped first place at Modesto against a much tougher field in 1:53.4 for the 880 yard run.

Herm Wyatt, Olympic candidate in the high jump; Bill Priddy, one of the top collegiate pole vaulters in the nation; George Nickel, ace discus man; and Jim Council, broad jumper, will make up the rest of the team Coach Bud Winter will take on the trip.

Results Incomplete As Season Closes

Theta Chi and Music department will meet at 5:15 o'clock this afternoon on Frish field in the last game of the season for both teams. The only other game this afternoon pits Kappa Tau against Phi Sigma Kappa at 4 o'clock on Franklin field No. 2.

A few teams have not turned in the results of some of their games. They should be turned in to Intramural Sports Director Bill Perry if they are to be counted in final league standings.

Sigma Nu and Theta Chi may have to play off their tie later this week.

Committee Issues Set Of Chapel-use Rules

General rules and regulations regarding the use of the college Memorial Chapel were issued recently by Dean of Women Helen Dimmick, chairman of the Chapel committee.

In keeping with the purpose of the creation of the chapel, the committee in charge decided that the chapel's use should be limited to meditation, religious services, weddings, christenings, fraternity formal initiations and to any other services with spiritual or religious tone.

Memorial services are included in the above list, but funeral services will be excluded, according to the committee's report.

The chapel will be open from 7 a.m. to 5 p.m., Monday through Friday, while the college is in session. All persons or groups desiring to use the chapel must schedule the occasion with Dean Dimmick.

It was decided that no fee will be charged for the use of the chapel where no extra work is required of the college custodial staff. However, a fee of \$5 will be charged for weddings and is payable in advance at the Graduate Manager's office.

Considering weddings, the committee ruled that at least one member of the couple to be married must have been a student at the college for not less than one quarter.

Anyone reserving the chapel for a wedding or an initiation must have a personal conference with Dean Dimmick to discuss the use

of the chapel and the equipment needed.

Specific regulations set forth by the committee are as follows:

"1. Individuals or organizations using the chapel will be held responsible for any damage incurred to the building or its furnishings.

"2. No nails, thumb tacks, scotch tape, nor adhesive tape may be used on the walls or furnishings.

"3. Special precaution must be taken to protect the rugs and floors from damage due to candle wax, potted plants, etc.

"4. Any request for equipment not already in the chapel must be made at least 24 hours in advance to the Superintendent of Buildings and Grounds.

"5. Any decorations to be saved must be removed immediately after the function.

"6. The campus regulation of 'No Smoking' within any campus building shall be observed."

Dean Dimmick pointed out that the rules established this quarter are subject to changes and additions in succeeding quarters.

Several services already have been scheduled for the chapel, Miss Dimmick said.

Five weddings have been planned for June, two of which are tentative. An Alpha Phi Omega fraternity initiation will be held in the chapel June 1.

In addition, Canterbury club services are held every Wednesday, 7 to 7:30 a.m., and the Student Y meets every Tuesday, 7:30 to 8 a.m. Christian Science church services have been scheduled for Tuesday evenings, 7:30 to 8 o'clock.

AES To Hear Four Speeches On Accounting

"Careers in Accounting" will be the subject of a four-part panel discussion tomorrow night at 7:30 o'clock in the Student Union. The discussion will be sponsored by Alpha Eta Sigma, accounting honorary fraternity, in cooperation with the San Jose chapter of the California Society of Certified Public Accountants.

Speakers on the panel will be: E. C. Nelson, member of a national firm of certified public accountants, who will speak on public accounting; J. M. Kirkwood, from the Controller's Office of Food Machinery corporation, who will cover the field of cost ac-

counting; Remo Cipolla, field division chief of the Collector of Internal Revenue's office, who will present opportunities for accountants in the federal government; and S. Ellingson, of the State Board of Equalization, who will speak on employment opportunities with the state civil service.

"All students interested in accounting are cordially invited to attend and avail themselves of the opportunity of hearing four top men in the accounting field," said Alvin L. Anderson, president of Alpha Eta Sigma.

WAA Volleyball

WAA's round robin volleyball tournament continues tonight at 7 o'clock, according to Sandy Waller, publicity chairman for the organization.

First to play on Court 1 will be Kay House vs. Chatter Hall. Mary George Co-op will vie with Belle Manor, also at 7 p.m., on Court 2.

At 7:30 p.m. Mary George Co-op will play Catholic Women's center on Court 3.

counting; Remo Cipolla, field division chief of the Collector of Internal Revenue's office, who will present opportunities for accountants in the federal government; and S. Ellingson, of the State Board of Equalization, who will speak on employment opportunities with the state civil service.

"All students interested in accounting are cordially invited to attend and avail themselves of the opportunity of hearing four top men in the accounting field," said Alvin L. Anderson, president of Alpha Eta Sigma.

Teacher: Now, what must we do before we can hope to be forgiven our sins?

Johnny: Sin.

THE PORCUPINE

General Vetoes UN Offensive

WASHINGTON, May 26 (UP). Gen. Matthew B. Ridgway has told senators that a new United Nations offensive in Korea would result in tremendous Allied casualties, a reliable source said today.

The former Eighth Army and Far East commander cautioned the senators against a big new offensive in secret testimony last week to the Senate Armed Services committee. Ridgway said UN forces would suffer big casualties because the Communists are well dug-in, their troops have been reinforced, and they now have great concentrations of artillery, a committee source said.

The spokesman asked not to be identified. He said Ridgway told the committee he did have a military plan—to be used if necessary—for military victory in Korea and then the eventual withdrawal of UN troops.

ELECT
JOHN W.
MONTGOMERY
JUDGE
of the
SUPERIOR
COURT

BORN: 1907.

EDUCATION: Stanford University.

EXPERIENCE: 18 years an attorney.

FAMILY: Married; two sons, one in the Air Force in Japan, one at San Jose State.

MILITARY RECORD: Navy veteran, World War II; commander, mine sweeper — three years combat duty in South Pacific.

Sponsored by
Bill Montgomery, Son
Student, San Jose State

He's listened to the weak thread of so many shallow claims he's fed-up! His point is—there's a thorough test of cigarette mildness. Millions of smokers throughout America concur.

It's the sensible test...the 30-Day Camel Mildness Test, which simply asks you to try Camels as your steady smoke—on a day-after-day, pack-after-pack basis. No snap judgments! Once you've tried Camels in your "T-Zone" (T for Throat, T for Taste) you'll see why...

After all the Mildness Tests...

Camel leads all other brands by billions
